

CAMBER BUNDLE

Bendable, Flexible Extrusion Bundle

The Camber extrusion is a flexible extrusion that bends to create new and unique tape light mounting options. Perfect for mounting to curved surfaces, the Camber bendable extrusion works with tape light models 12mm wide or less. This bundle includes the extrusion, a diffusion lens, mounting clips and screws, as well as end caps to complete the look.

- Made of lightweight double anodized aluminum
- Aluminum provides excellent heat dissipation
- Pre-drilled, countersunk holes
- Frosted, UV & flame resistant lens protects light source while evenly diffusing light
- End caps included for a tailored look
- Compatible with Trulux tape light measuring 12mm wide or less
- Bend radius of $\geq 100\text{mm}$. *Do not bend past this radius*

Available Finishes

Silver

Compatible Tape Light

- Single Color (10mm)
- Tunable CCT (10mm)
- RGBW / RGBTW (12mm)
