PAR-38 DIM

The EnVision LED PAR-38 DIM Series bulb in LED is focused around quality, performance, and design. Our PAR-38 is different from others in the market, with an E26 base, 15W output and an output of 1200 lumens. With a beam angle of 25°, enjoy watching your energy bills fall, while also saving on replacement costs, as our PAR-38 DIM is rated 15,000 hours.

Applications:

- Track Lights
- Showcases
- Recessed Downlighting
- Restaurants, Bars, Pubs, Cafe Lighting

Product Information:

- Increase energy savings and shorten payback period
- High intensity: ready to replace existing 100W incandescent
- Suitable for wet locations
- Dimmable: Down to 5% with most dimmers
- 5 Year Limited Warranty
