

PAR-36 LUX

The EnVision LED PAR-36 LUX bulb in LED is focused around quality, performance, and design. Our PAR-36 is different from others in the market, as we have made it IP-67, intergrated CREE LED chips, and have an output of 780 Lumens. Enjoy watching your energy bills fall, while also saving on replacement costs, as our PAR-36 is rated 25,000 hours.

Applications:

- Landscape Lights
- Showcases
- PAR-36 Fixtures

Product Information:

- Increase energy savings and shorten payback period
- High intensity: ready to replace existing 60w halogens
- Same size as traditional PAR-36
- Dimmable: With magnetic transformer
- 3 Year Limited Warranty
