## 4/6" EXT SnapTrim Tilting Downlight

EnVision LED has developed a line of super slim LED downlights that eliminate the need for a can. The external remote junction box mounts inside the ceiling and the fixture is IC Rated. With these new tilting snaptrim downlights however, experience 180° of adjustment. By reducing material cost and installation time, the EnVision SnapTrim is ideal for retrofit and new construction proejcts. Simply cut a hole in the ceiling, power the J-Box to the wall switch, and "snap" the trim flush.

### **Applications:**

- Retrofitting
- New Construction
- Residential Lighting
- Commercial Lighting

#### **Product Information:**

- External j-box & spring mount clips for easy installation
- '5CCT' version toggles between 2700k, 3000k, 3500k,
