4' T8 2-Lamp Strip Fixture

With the new T8 2-Lamp Strip Fixture, fit two T8 LED bulbs into the same fixture. With the slim and compact body that this 2-lamp strip provides, give your space an architectural feel. Works with single sided connection lamps. This strip luminaire is perfect for commercial, and low bay lighting applications. Being factory pre-wired for tubes before shipment, this 2-lamp strip fixture is perfect for anyone to use.

Applications:

- Retail & Office Lighting
- Data Centers
- Distribution & Warehouse Lighting
- Commercial Lighting

Product Information:

- Tool-less design for the installation entry
- Fixture for two T8 LED bulbs
- Slim and compact body provides an architectural feel
- Works with single sided connection lamps
