

1000 LED Wide Area Work Light

Easily Mountable Magnetic Work Light

Ericson's 1000 LED Series of wide area work lights features exceptional LED lighting performance, light-weight rugged construction, low power consumption, and flexible magnetic mounting. Ideal for indoor and outdoor use, these innovative work lights are lightweight, compact, impact resistant, and designed to deliver years of worry-free operation.

An optional daisy chain feed-thru capability further extends the utility of the 1000 LED by providing the ability to light large areas with a single power drop, freeing vital circuits for other essential activities.

Standard Product Features:

- cULus listed
- Outdoor and wet location rated
- Integral, powerful mounting magnet
- Efficient LED lighting technology
- 50,000-hour lamp life
- 5000K color temperature
- 6450 lumens
- Durable and rugged construction
- Light-weight die cast aluminum housing
- Built-in handle
- Impact and high temperature resistant lens
- Easily daisy chained to cover large areas
- NEMA 5-15 watertight plug and connector option
- Multiple plug and connector options available
- Made in the USA

Product Options:

- On/off switch
- 1-foot secondary cord with connector

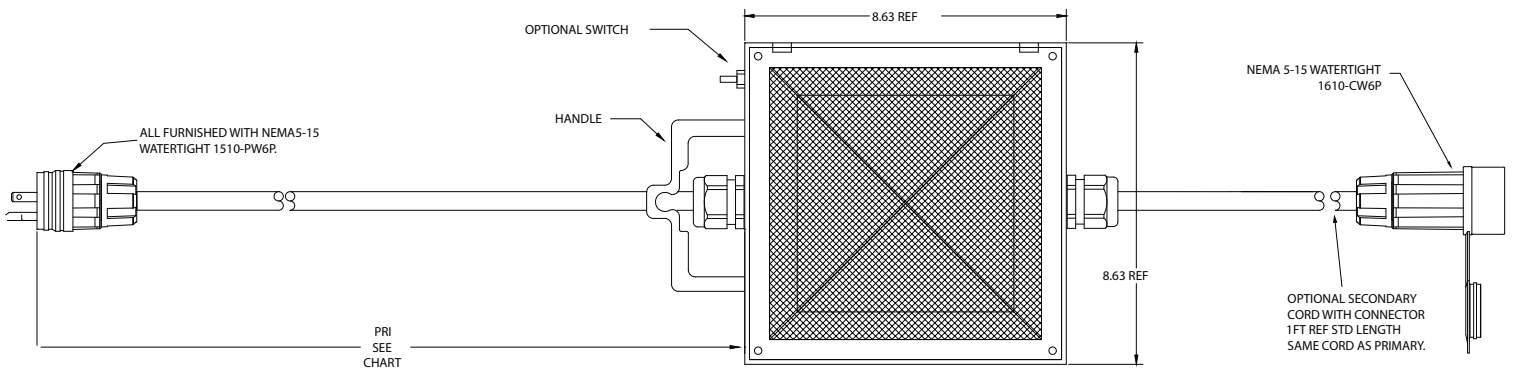

Applications:

- Construction
- Emergency Lighting
- Ship Building / Repair
- Petrochem
- Food / Beverage
- Tent Lighting
- Aerospace
- Utility Maintenance
- Defense / Safety
- Power Generation

Product Specifications:

Product Number	Product Description
1000LED-6	Lamp with 6 foot molded cord
1000LED-6S	Lamp with 6 foot molded cord with switch
1000LED-6F	Lamp with 6 foot cord & 1 foot feed-thru PW6P/CW6P
1000LED-6FS	Lamp with 6 foot cord & 1 foot feed-thru PW6P/CW6P with switch
1000LED-25F	Lamp with 25 foot cord & 1 foot feed-thru PW6P/CW6P

Electrical ratings	100-240 VAC
Amperage draw	0.4 A
Primary cord length	See ordering information
Ballast location	Main body
Wet location rating	Yes, requires watertight plug and connector
Cable guage/type	14/3 SJTOW
Bulb type	LED panel
Lumens	6450 Lumens
CRI (Color Rendation Index)	70
Color temperature (Kelvins)	5000K
Average rated bulb life (Hours)	50,000
Low temp start	-30° C
Fixture weight (Excluding the cable)	8.6 pounds
