

430BA9S

IEC 309 PIN & SLEEVE ANGLED INLET, 30A 250V 3PH 3P/4W,
SPLASH PROOF (IP44)

Key features

Ideal Application

Splash-proof (IP44) devices are suitable and recommended for use in a variety of light industrial environments and provide complete protection against contact with live parts, damaging deposits of dirt and dust and splashing water. Splashproof devices provide many of the heavy duty construction features found in the watertight products, but at a more economical cost
