IEC 309 PIN & SLEEVE STRAIGHT RECEPTACLE, 20A  
277/480V 3PH 4P/5W, SPLASH PROOF (IP44)

## Key features

### Ideal Application

Splash-proof (IP44) devices are suitable and recommended for use in a variety of light industrial environments and provide complete protection against contact with live parts, damaging deposits of dirt and dust and splashing water. Splashproof devices provide many of the heavy duty construction features found in the watertight products, but at a more economical cost
