

Dip Switch Programming:

SENSITIVITY

1	2	%
OFF	OFF	20%
OFF	ON	50%
ON	OFF	75%
ON	ON	100%

TIME

3	4	⌚
OFF	OFF	10s
OFF	ON	10min
ON	OFF	30min
ON	ON	60min

Detection Range (Sensitivity):

Detection range is the term used to describe the radii of the circular detection zone after the sensor has been mounted and installed at a height of 40ft.

Hold Time:

The light can be set to stay ON for any period of time between approximately 10 seconds to a maximum of 60 minutes. If there is any detection of movement before the programmed hold time elapses, the timer will re-start. While testing the settings, It is recommended to select the shortest time. After the other settings have been established, then change the hold time to the desired level for daily activity.

LIGHT

5	6	lux
OFF	OFF	☀
OFF	ON	10lux
ON	OFF	30lux
ON	ON	50lux

STAND-BY LEVEL

7	8	%
OFF	OFF	0%
OFF	ON	10%
ON	OFF	30%
ON	ON	50%

Photo Control:

The photocell light settings can be adjusted to: Off = Change in light does not affect occupancy. At 10lux (1 fc) fixture will turn off. At 30lux (3 fc) fixture will turn off. At 50lux (5 fc) fixture will turn off.

Stand-by Light Level:

If no movement is detected after the hold time has elapsed, the fixture will dim to the selected stand-by level (10%/30%/50%).

STAND-BY TIME

9	10	⌚
OFF	OFF	+∞
OFF	ON	1min
ON	OFF	30min
ON	ON	60min

Stand-by Time:

The fixture will switch to OFF after the stand-by time of (1min/30min/60min) has elapsed.

Remote Control Programming:

The ESL-REM-100 (Sold Separately) can be use to program the 80CC-ODD-LV remotely. With a range of up to 50ft, this allows for the flexibility to re-program the sensor for any reason, at any time.

Please see the REM-100 spec sheet and/or instruction guide for more detailed information.

NOTE: If you set the STAND-BY LEVEL at 0%, and the STAND-BY TIME at +∞, the sensor will operate with ON/OFF functionality *when using a 0-10V driver*. In order for the stand by level to reach 0% (off) the LED fixture must utilize a Dim to Off driver. Please consult factory for more information.
