

Item# 3249

LAMP HOLDERS FOR T8-T12 LED AND FLUORESCENT LINEAR LAMPS

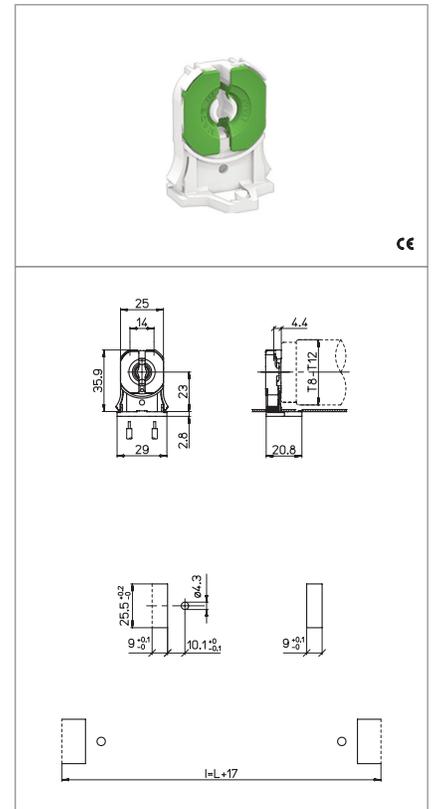

Technical data

- Lamp cap	G13
- Rated current and voltage	2A-500V
- Maximum operating temperature (IEC)	T140
- Protection index	IP20
- Impulse withstand category	II

Characteristics

- White PBT body
- Copper alloy contacts
- With top test

Non-Shunted

 push-through fixing	 fixing metal plate thickness 0,4-2	 lamp centre height (from the bottom of the metal plate) 23	SN version without stop nib
 PBT green rotor with position of... 90°	 push-wire terminals with 2 holes	 rigid conductor section 0,5-1	 rigid wires stripping 8-9
...-U-... enclosed backside, without wire release			

Quality marks

    660W-600VHT120 (UL496)

"RoHS" compliant
