**TEMP RANGE**

- 40°– 90°F

**CFM**

- 100

- Contemporary commercial-grade steel grille designed to provide a clean appearance and rugged use
- Manual reset thermal overheat protector disconnects power in the event of accidental blockage
- Automatic fan delay eliminates cold drafts on start-up and discharges residual heat from the heater body during shut down
- Integral double-pole thermostat allows for easy adjustment of room temperature to maintain desired comfort level
- Positive OFF switch to assure heater will not operate if not needed
- All units have a permanently lubricated enclosed fan motor, which creates long life, low maintenance, and distributes warmth throughout the area
- Tamper-proof plug for thermostat hole
