Golden Extractor™
Tub drain tool

Golden Extractor™

Tub drain tool

Application

For extracting tub drains • Utilizes a standard 3/8" drive ratchet to remove tub drains even when the cross arms are broken • installs new drains • Removes bolts/screws where the heads are broken off or just won't move

Features:

- Quickly extracts tub drains
- Use to install new tub drains
- Built in bolt/screw remover
- Universal size
- Made of heat tempered steel

GoldenGrip™

Internal pipe wrench

Application

The right tool for quick and easy installation or extraction of pipe nipples • Self-locking, reversible internal wrench can be used with ratchets, extensions and impact wrenches

Features

- Self-locking & reversible
- No thread damage
- Works in tight space

Recommended for Chrome Pipe • Brass pipe
• Can also be used to extract corroded pipe

Sold separately in two sizes or as a set of four with durable carry case

Golden Pipe Shredder™

Restore welded plastic fittings

Application

Reams out solvent welded plastic fittings so they can be reused • Cuts stub outs to be flush or recessed with wall • Removes cracked water closet flanges

Features

- Carbide cutting blades
- Unique guiding system
- Made of heat tempered steel
- One piece body

Sold as a set of four sizes (1-1/2", 2", 3", 4") with a durable carry case.
