LED TUBE READY VAPOR TIGHT

VALUE CLASS

Application

The Value Class LED Tube Ready Vapor Tight fixture is an energy efficient alternative to traditional fluorescent Vapor Tight fixtures. They offer the flexibility of installing the desired wattage and color temperature LED T8 Type-B (ballast free) double end lamps to meet the needs of the application. This Vapor Tight product is suitable for illuminating garages, industrial areas, canopies, outdoor walkways, or general lighting applications.

Benefits and Features

- 4-foot IP65 fixture with corrosion resistant plastic lens clips and stainless-steel mounting clips included
- Molded polycarbonate lens
- Gray polycarbonate body
- Wired to operate two 4-foot UL Type-B (ballast free) double ended LED T8 lamps

Electrical

- 600V rated UL listed sockets and wiring
- T8 lamp holders
- Suitable for wet locations

Warranty

- 5-year
- NLB Trusted Warranty Program

Ambient Operating Range

- Operating temperature limitations are based on the specific lamps installed in the fixture

Certifications and Listings

- cULus
- RoHS

Installation

- Toolless lens removal
- Fixture is wired to operate UL Type B (ballast bypass) double end LED T8 lamps
- Lamps are not included
- Stainless steel surface mounting clips included
